THE ENGLISH COLLEGE DUBAI

PART OF iSP International Schools Partnership

Dear BSME Schools,

The English College Dubai would like to invite your school to attend the BSME Primary Maths Competition, taking place at The English College Dubai on Saturday 22nd May 2027 from 8.00am - 12.00pm.

The competition will bring together some of the finest young mathematicians from across the Middle East, giving pupils the opportunity to demonstrate their mathematical knowledge, reasoning and problem-solving skills in an exciting and competitive environment.

Throughout the day, teams will compete in a series of engaging mathematical rounds designed to challenge and inspire. The competition will draw upon the Year 5 and 6 mathematics curriculum, with challenges including mathematical fluency, problem solving, and reasoning. Pupils will work both independently and collaboratively, applying their knowledge in unfamiliar contexts and tackling problems that require creativity, resilience and logical thinking.

The rules are as follows:

- 4 students per team
- All participants must be in Year 5 or 6
- Schools may register one team initially; should capacity allow, additional teams may be offered places

There is space for up to 12 teams. The cost per team is 500 AED, which will contribute towards trophies, refreshments and competition resources.

To register for the event, please complete the registration form. Link: BSME Primary Maths Competition Registration Form.

If you have any further questions regarding the competition, please contact Anita Chahal - achahal@englishcollege.ac.ae

Key Dates

Event	Date
Registration Opens	Monday 19th October
Registration Closes:	Friday 29th January 2027
Payment Deadline;	Friday 19th March 2027
Final Event Information Shared:	Monday 3rd May 2027
BSME Primary Maths Competition:	Saturday 22nd May 2027

We look forward to welcoming schools from across the region to The English College Dubai for what promises to be an exciting celebration of mathematical thinking, collaboration and challenge.

Yours sincerely,

Anita Chahal
