Dear BSME Member Schools,

We hope that this email finds you well.

The GFSMUN Secretariat for 2026 to 2027 is thrilled to announce an exciting opportunity for BSME member schools. GEMS Founders School, Dubai, is proud to host the upcoming British Schools in the Middle East Model United Nations (BSME MUN) conference, eager to welcome students from across the region and shape the leaders of tomorrow. This event represents a cornerstone of our commitment to academic excellence, global awareness, and leadership development. As the Secretariat of this highly anticipated event, we are honoured to extend an invitation for your students to participate as delegates in this transformative experience.

The BSME MUN conference on 26 - 28 March 2027 is designed as a dynamic platform for fostering debate and challenging one's intellect while promoting diplomacy. It develops essential High-Performance Learning Skills in young learners while allowing students to step into the shoes of a diplomat and view the world from a critical perspective. Through participation, delegates will work collaboratively to discuss pressing international issues, develop structured arguments, and propose innovative solutions. We believe that this event presents a unique opportunity for students across BSME schools to come together and deepen their understanding of today's world. Uniting schools across the region in an engaging and competitive context will nurture a sense of community, an exchange of ideas, and motivate all our students to seek out their own success.

This year's theme, ***Between the World We Know and the World We Seek: Bearing the Weight of Tomorrow***, reflects our commitment to empowering young minds to engage with the world's most pressing challenges while nurturing optimism, resilience, and the drive to build a better future. We aim to lead them to envision a future where thoughtful diplomacy, innovation, and collaboration pave the way for sustainable solutions.
