

STRENGTHENING SCHOOLS

ABOUT US

BSME is a membership community that supports a network of high quality British international schools in the MENA region through student sporting events, professional development, training and conferences.

All our member schools commit to a Code of Conduct that outlines the high standards of ethical practice that are expected of BSME schools and their staff, particularly with regard to recruiting and safeguarding. Recruiting BSME Heads are required to contact a current BSME employer to check on the contractual status of applicants.

As a teacher in a BSME school, you are a valued member of this community and we look forward to collaborating with you through our community networks and clusters, events and training.

SERVING STUDENTS

BSME prides itself on our ability to offer unique experiences for students to represent their school and community in both competitive and non-competitive events across the Middle East, both in-person and online.

Our aim is to foster teamwork and determination, celebrate diversity within the region and provide every student the opportunity to be the best they can be.

Our Student Events programme is mostly hosted by our amazing member schools who continually go above and beyond to create the most memorable experiences.

See details of our Student Events programme, including BSME Games, at www.bsme.org.uk

SUPPORTING TEACHERS

BSME is proud to offer a range of Professional Learning opportunities that cater for a host of educational specialisms, each working to further your career and amplify your professional impact.

From communities to conferences, there are opportunities for teachers of all levels to get involved in sharing good practice by presenting, hosting workshops or network clusters, writing articles, or simply by attending one of our events.
